4.	<p><b>Other TRA / Styles Matters</b></p> <ul style="list-style-type: none"> <li>● KI invites applicants to join the gardening group – but they must be prepared to be active</li> <li>● DN gives a report on the development plans for Blackfriars Road. <ul style="list-style-type: none"> <li>○ The Councillors have attended a BARD meeting and found that there will be 70metre buildings built on Southwark Station, Gt. Suffolk Street and St. Georges Circus.</li> <li>○ It has been agreed by the council that the northern end of Blackfriars Road is the best for tall buildings.</li> <li>○ Planners will need to consider the infrastructure of the area more closely and also consider that we are a saturation zone, although they are looking at developing a more “active street level” and looking at providing more council housing.</li> <li>○ It is noted that the SPD does not take account of the impact on people who live in the vicinity.</li> <li>○ Any new green space should be public.</li> </ul> </li> </ul>	
5.	<p><b>Matters for Diana's Attention</b></p> <ul style="list-style-type: none"> <li>● ZK will contact Veolia regarding people who don't recycle.</li> <li>● Rubbish is still being left on 1<sup>st</sup> floor landing.</li> <li>● Water flowing down internal soil stack.</li> <li>● Back surge is still on going.</li> <li>● Main gate is rotting and bits are falling off.</li> <li>● Lighter doors on the ground floor are requested. They remain from when they were the main door.</li> <li>● Communal lighting should be timed not constant.</li> <li>● Windows on 1<sup>st</sup> floor are being left open and causing anxiety over possible intruders.</li> <li>● The drain in the driveway which was cleared a short while ago has now blocked up again.</li> </ul>	ZK
5.	<p><b>Redevelopment</b></p> <ul style="list-style-type: none"> <li>● ZK gives an update and tells the regeneration visitors we won't accept what the developers have offered and asks them how LBS intend to proceed.</li> </ul>	

	<ul style="list-style-type: none"> <li>• The response from the LBS regeneration visitors is that they have no intentions, just to act as an intermediary.</li> <li>• They admit to looking for sites in the north of the borough on which to build council housing.</li> <li>• KI suggests that they buy Algarve House and build a block there.</li> <li>• DN suggests Gibbings House, as it is a good size of land and the current housing is of poor quality.</li> <li>• Both the above suggestions were ignored at the meeting by the regeneration team.</li> <li>• Styles House is being proposed as a site for possible council house regeneration and will go to Cabinet next month.</li> <li>• <b>Regeneration team state “it is LBS policy to go away if the residents are against the building”. They won’t take away an estate’s assets from the residents if the residents say they are against it.</b></li> <li>• Three questions/comments asked by LS, If the Development Securities plan goes ahead: <ul style="list-style-type: none"> <li>◦ What became of the London-wide push for extra greening?</li> <li>◦ If LBS receive money from developers in return for allowing them to build, and this is used to build council houses, the current residents get to suffer building work twice.</li> <li>◦ At a TRA meeting held with Maurice Soden attending, he categorically stated that this development hinged on the residents of the bedsits – if they didn’t want what is being offered, it wouldn’t happen. The bedsit residents have been approached, and they are strongly against the plans.</li> </ul> </li> <li>• We return to the subject of Development Securities’ plans.</li> <li>• LBS agree that the number of additional council homes they suggest is not worth it.</li> <li>• LBS reassure that they have no negotiations underway with Development Securities.</li> <li>• How do we want to go forward? <ul style="list-style-type: none"> <li>◦ Ask the developer to write to us with any further considerations they may have, then we will organise a full meeting to decide whether we want to meet with them again.</li> <li>◦ Meet them again.</li> <li>◦ We just tell them no – to letters and meetings.</li> </ul> </li> <li>• We decided on the first option, but not unanimously.</li> <li>• We will advise LBS of our decisions.</li> </ul>
